Principal's Message

Leadership Habit

Habit 2 – Begin with the End in Mind:

I plan ahead and set goals. I do things that have meaning and make a difference. I am an important part of my family and contribute our family's mission and vision, and look for ways to be a good citizen.

Thank you for an AMAZING Education Week!

Thank you for such a fabulous Education Week! Our students had an amazing time participating in the Education Week Assembly, Lolly Competition, Talent Quests, Multicultural Day, Recipes, Art Competition and Book Fair. Thank you to our Education Week Committee for organising such a wonderful week of activities.

Check out our Virtual Education Week Assembly:

LEED Project

Commencing in Term 3, all Executive will be involved in the *Leading Evaluation, Evidence and Data (LEED)* project. As part of this 3-year project, our school will take part in the School Excellence in Action workshops and utilise the What Works Best 2020 Toolkit, SCOUT Data Dashboard and new School Improvement Planning platform to design educational priorities that enhance quality teaching and learning across the school.

We will be working closely with the NSW CESE team, who are responsible for developing and delivering data resources and professional learning to support leaders and educators with data evaluation and school planning. We are very excited to be part of this project and look forward to the journey ahead.

Year 5 and Year 3 Online Assessments (Reading and Numeracy)

Although NAPLAN was cancelled earlier this year, Seven Hills West Public School is committed to the academic progress of our students and will conduct the NSW Department of Education's online reading and numeracy 'Check-in' for students in Years 3 and 5.

The check-in assessments will be conducted as follows:

Year 5 students: Term 3, Weeks 5 (17 August to 21 August 2020)

Year 3 students: Term 3, Week 10 (21 September to 25 September 2020)

The Check-in assessment supplements existing school practices to identify how students are performing in literacy and numeracy and to help teachers tailor their teaching more specifically to student needs. The assessments are mapped to the NSW Syllabuses and National Literacy and Numeracy Learning Progressions.

TELL THEM FROM ME Survey

During Term 3, we will be conducting the Tell Them from Me student survey. The survey will provide us with valuable feedback on what our students think about school life, how engaged they are with school and the different ways that teachers interact with them.

This survey will help our school better understand how to improve student wellbeing and engagement. It will help the school identify what works to improve student outcomes. More information will be sent to parents to gain consent for your child to participate in the Tell Them from Me survey. Thank you to Mrs Radhakrishnan for coordinating the *Tell Them from Me survey*.

ICAS Update

Due to the Literacy and Numeracy Online Assessments for Years 5 and 3, the International Competitions and Assessment for Schools (ICAS) will now be postponed to Term 4. The tests will be administered online from 12th October, 2020 to 23rd October, 2020, during school hours.

A reminder note will be sent towards the end of Term 3 as well. Thank you to Mrs Radhakrishnan for coordinating the *ICAS assessments*.

Introducing the Forge Wellbeing Platform

To support the wellbeing of our students and staff, Seven Hills West Public School will be implementing the Forge Wellbeing platform, an individualised wellbeing tracking system that supports schools and organisations.

As part of the Forge Wellbeing approach, students and staff will be able to monitor their positive emotions, wellbeing and levels of stress. Together, we can use the data to support all members of our school to flourish each day.

We look forward to implementing the program and gaining your feedback on how it improves the confidence and wellbeing of our children. For more information, please click on this link the link below.

Learning, Wellbeing and Support Planning Days

During Term 3, our Executive and Learning Support teams will be working together across two days to revision our Learning, Wellbeing and Support policy and processes. Our aim is to develop a strategic approach that will support students, staff and parents in optimising learning, student engagement and support processes across the school.

In addition, our teachers will participate in specialised training on Differentiation, Learner Profiles and Individual Learning Programs. The opportunity for us all to work together as a team to create a fresh approach for a Learning, Wellbeing and Support whole school strategy will be amazing!

Don't forget to complete the Term 3 Community Engagement Parent Survey

As we start Term 3, I am very keen to know what our families enjoy about our school and areas we can grow and develop. We have designed a survey to give our Preschool to Year 6 families an opportunity to provide feedback on two areas of Community Engagement. These include: participating in school life, building community and identity, inclusive school policies practices and programs. This survey will help our school and P&C work together to build a culture of inclusion and belonging for all families. To access the survey, please click on this link below.

STAGE UPDATES

Preschool

We have been learning about Shapes, from recognising these to matching and drawing them. Learning shapes helps children identify and organize visual information and supports the development of skills in areas like reading, maths, and science.

One of the first actions in understanding numbers and letters is to recognize their shape. A simple activity to help your child at home to learn about shapes is to make the shape with them and then search your house or neighbourhood for objects that match that shape.

Assistant Principal Message - Stage 3

Stage 3 has had an extremely busy week!

On Tuesday we celebrated National Aboriginal and Torres Strait Islander Children's Day by wearing mufti that reflected Aboriginal colours or cultural clothing. We also watched a livestream that introduced us to Australian Aboriginal

Languages. There were several events throughout the week to celebrate Education Week.

Congratulations to Cooper who won the lolly guessing competition. Don't forget to share your lollies with your family!

Our Education Week assembly was held on Wednesday and we watched Film by . . . Invitation, which was a virtual film festival showcasing the best of 2019 student short films.

We finished off our week of celebrations with a class talent quest.

The theme of this year's Education Week was 'Learning Together', highlighting the partnership between schools and families, collaboration between teachers and students, and the role technology played earlier in the year to enable us to learn together anywhere, any time.

Stage 3 would like to acknowledge the Education Week team for organising a week of engaging activities and learning experiences.

Assistant Principal

Assistant Principal Message – Stage 2

Stage 2 EdWeek 2020

During the week, Stage 2 students experienced EdWeek virtually and through activities planned within the school.

The Department of Education shared insightful Livestreams which students around the state watched at the exact same time of the day. Nominated schools within our state took part in a 'Film By' program which were short films scripted, directed, videoed and published by the students themselves. Stage 2 students responded very positively to these videos and discussions about them were rich in content.

EdWeek ended with a BANG! This was the time that Stage 2 students shared their amazing talents with their classmates and teacher by taking part in a class talent quest. It was wonderful seeing every class embracing EdWeek in their classrooms throughout the week.

Stage 2 students and teachers would like to take this opportunity to acknowledge the great organisation and planning undertaken by the EdWeek Committee!

Assistant Principals Message – ES1 & S1

In the spotlight – 1G - Mrs Gatt and 2R - Mrs Radha

In stage 1 this fortnight, 1G have been busy learning the jump strategy during their maths sessions.

In 2R, their shared, read and write text studying in week 3 was 'The Three Little Pigs'. During their literacy sessions, in which they participated in a STEM activity of creating the houses.

Assistant Principals Message – Science & Technology/Future Focused Learning

In Science this term, students explore the conceptual unit: "The material world". In this unit, students will explore the different states of matter as apparent in their everyday lives. Students will gain an understanding of certain tenets of the particle theory, they will explore reversible and irreversible changes to material. Furthermore, students will explore the different properties of matter, such as viscosity and melting point, through experiments.

Students will be provided with opportunities to demonstrate their learning through a wide variety of activities. These include:

- Inquiry of the scientific method.
- Understanding and design of fair and testable scientific method.
- Generation of testable hypotheses.
- Investigation and problem-solving activities.
- Spoken and written responses, incorporating drawings, symbols and words.
- Discuss the limitations of models in regard to the particle theory.

Ms Johnston is excited about re-designing the Library Makerspace. She will be taking into consideration students' opinions so that they can have ownership of how they utilise the space and use it to suit their learning needs. This will ensure that students are able to navigate and explore different avenues

of their STEAM projects in a manner that is safe, collaborative, and most of all innovative!

In Term 3, students in each Stage will have the opportunity to combine their scientific knowledge about materials with Micro:bit or Ozobot technology. These include:

- **Kindergarten:** Bridges are made for Travelling Project.
- **Y1-2:** Eco-friendly Electronic Toys Project.
- **Y3-4:** Soil Drought Project.
- **Y5-6:** Health Tech Project.

As Futures Focused learners, students will undergo a process of understanding the needs of their audience in order to solve real-world problems. In doing so, students will use their research skills to ideate, prototype and test their designs.

Adjustments will be made to ensure student needs are met from special needs to high ability. Watch this space!

Students will surely be keen to share the processes of their learning journey with you all!

Assistant Principal

SAFE

Health and Safety Matters

As well as keeping our staff and students safe on school grounds we aim to maintain a safe environment for parents. If you have a slip, trip or fall or any other issue related to parent safety in the school grounds please notify the office as soon as possible so we can endeavour to identify and resolve any hazards.

It is also a request that dogs not be brought onto the school site without prior permission. Companion dogs are always welcome as required, however pets in the school can cause stress to students and animals.

Staff Car Park

A reminder to parents/caregivers. **The Staff car park IS NOT a 'walk through' area** or parking for area for parents.

Safety is of the utmost importance to our students and it would be appreciated if you would cooperate in regard to safety in our car park.

Student Toilets

Just a friendly reminder that student toilets are **not to be used** by parents. If parents have a younger child that requires toileting assistance, please see the office staff to access the toilets located beside the new school hall.

Student toilets are to be used by **students** of Seven Hills West PS.

Changes of Clothes

Children in Kindergarten to Year 2, can, on occasion, have an 'accident' by forgetting to go to the toilet at break time, or not advising the teacher that they need to go to the toilet.

This then results in children 'wetting' themselves and coming to the office for a spare change of clothes.

Our supplies are now depleted – so we ask that each parent with children in Kindergarten to Year 2 supply a change of clothing in their child's bag in case of emergencies.

We thank you for your support in this matter.

Notes and Payments

Please be advised that all school notes and written communication are now placed on our website for your easy access. Families that have requested multiple copies will now need to access the website. We are encouraging the use of technology @ SHWPS!

Important

It would be appreciated, if when completing permission notes, you could include **the child's FULL NAME (Given Name and Surname) AND CLASS**, in order for the office to correctly identify the student who is participating in the special activity.

Sending money to school

If paying by cash or cheque, payment envelopes are available to allow office staff to quickly record details for our students.

A reminder: A permission note must be completed for every student in the family for all activities. Please note the office does not carry change. Please provide the correct money with your payments. We encourage families to pay using our POP – Payment online system via our school website.

Collection of Money and Permission Notes

To ensure that students' needs are met on excursions, extra curricula activities and for visiting performances, it is necessary to have procedures in place regarding payments and permission notes. These procedures allow teachers to:

- Ensure that the correct number of teachers are allocated to an activity or excursion
- Buses are ordered for the right number of students
- Book correct numbers for all activities on excursions

- Organise supervision for students not involved in these activities
- Cancel activities if numbers are too low, within a reasonable timeframe.

It will also allow the office staff to have correct numbers, permission notes and money organised before the day of the activity or excursion.

These procedures include any area where money is paid to the school e.g. Excursions, visiting performances, sporting events, book club etc.

For this to be implemented correctly all money must be paid to front office by the DUE DATE, there will be no exceptions.

Permission notes, fully completed with child's name and class, must be given to the front office once you have made your payment online, or at the same time as money is presented.

In cases of financial hardship, the school *may* be able to assist by contributing a part payment.

Please contact the office for more information.

Attendance

Student attendance records will be closely monitored. If your child is absent, it is important that a note/certificate explaining their absence is given to the classroom teacher when your child returns to school. Parents/Carers will be given a letter if an explanation is not provided for the student's absence and this must be completed and returned to the classroom teacher so that the student's attendance records will be updated accordingly.

Student Absences

The Department of Education deems that all students must attend school every day. Families are also advised that holidays should be taken during school holiday periods.

If your child is absent from school please notify the school in writing by either sending an email to the school email or sending a note to the class teacher explaining the absence.

If your child is sick for one day, you DO NOT need to ring the school but can send a note to school with your child on the following day.

Absences are recorded in the class roll and this roll is admissible as evidence in a court of law.

- Partial absences are also recorded in the roll, where a child arrives late to school or leaves school early.
- If a student is late to school, a parent should escort them to the office so they can give the reason for the late arrival.
- Students, who are constantly late to school, miss the morning lesson introduction and this can lead to gaps in learning.

EVERY DAY COUNTS...
A day here or there doesn't seem like much, but...

When your child misses just...	that equals...	which is...	and therefore, from Kindy to Year 12, that is...	This means that the best your child can achieve is...
1 day each fortnight	20 days per year	4 weeks per year	Nearly 1 1/2 years of school	Equal to finishing Year 11
1 day a week	40 days per year	8 weeks per year	Over 2 1/2 years of school	Equal to finishing Year 10
2 days a week	80 days per year	16 weeks per year	Over 5 years of learning	Equal to finishing Year 7
3 days a week	120 days per year	24 weeks per year	Nearly 8 years of learning	Equal to finishing Year 4

Give your child every chance to succeed... **Every day counts!**

Please endeavour to maximize your child's attendance at school to ensure that they have the best start possible, every day!

If you are intending to take leave for more than three days, and you know in advance, it is important that this be discussed with the school as an application for leave may be required. If your child is absent for longer than three days it is important that you contact the school to let them know the reason for the absence.

Working with Children Check

We have received clarification from the department of education in regards to the requirements for parents and carers doing voluntary work with students in any NSW school.
