

Seven Hills West Public School

Respectful, Safe, Responsible Learners

Stage 3 Edmodo Groups

8th February 2019

Dear Parents and Caregivers,

Stage 3 students have been asked to create an account to access their class Edmodo group that was created by their classroom teacher.

Edmodo is an educational tool that allows teachers to communicate with their students about their learning and upcoming events. Useful resources will be shared to consolidate topics that are being taught in class.

The group is set to private, meaning only those who have joined the group will have access to the information.

Students will be assigned tasks to complete in addition to their homework on a regular basis. This can be monitored in the 'What's Due' tab.

Permission to post any photos and/or websites must be given by the classroom teacher before they are shared with the group.

Edmodo groups have expectations that students must follow at all times and it is monitored on a daily basis by the Stage 3 teachers and Assistant Principal.

Parents are encouraged to join the group and more information regarding the group code for your child's class will be given at the 'Meet the teacher' session that will be held later in the term.

If you wish to opt your child out of using Edmodo, please speak to your child's classroom teacher.
