

Seven Hills West Public School

Respectful, Safe, Responsible Learners

Welcoming back Ms Clements

Dear Seven Hills West School Community,

This term, I have had the privilege of leading Seven Hills West Public School as relieving Principal. Over the past 10 weeks I have worked with a community that is most definitely focused on 'growing great human beings every day'.

The staff are some of the most resilient, dedicated and knowledgeable teachers and administrators I've had the pleasure of working with in 22 years of teaching and leading. They work tirelessly every day, at times putting aside their own family concerns to ensure their students at Seven Hills West are receiving the best possible education and support.

Students at Seven Hills West are kind, energetic and full of wonderful spirit. They welcomed me into their world, reminded me the importance of making connections and were always happy to join me in a song!

I was welcomed by the P & C and had the pleasure of meeting many parents in the playground, at assemblies or working together to support your children. The Parents and carers, like their children and the staff, have been wonderfully welcoming and trusted me to keep the school moving forward in good directions.

It is with great pleasure that we welcome back Ms Shanti Clements, who will be returning to Seven Hills West Public School as Principal as of Monday 10th October, Week 1 Term 4.

I thank Ms Clements for the opportunity to lead the school for Term 3 and wish her and the Seven Hills West School community a prosperous future.

Kind Regards,

Mrs Belinda Barber

Principal (Rel)
